The perfect knitting project for binge watching the latest series on Netflix and incidentally, how I developed this pattern. To *Breaking Bad*, if you must know. I'm sure Walter White would be proud. FYI – I wrote this pattern nearly 10 years ago, so the reference, while still accurate, is a bit dated.

The pattern is easy to follow and repeats the same eight rows for the length of the scarf, which can be as long or as short as you like. If you have never knitted cables before, I made a complete how to video that show every step from start to finish. You can see the video on YouTube here: [Learn to Knit this Scarf](#). I also have an easy to scan QR code that will take you directly to the video if you have printed

the pattern and can't use the link. Take a photo of the square with your phone or tablet. A link will pop up. Tap the link and the video will begin to play.

The pattern also includes photos, instructions and video links showing how to do the cables at the end of the pattern. By the time you're finished this project, you'll have mastered the art of the cable stitch, have a lovely scarf and hopefully have closure for all your favourite characters.

Apparently, I binge watch more than I realize as I have over 40 patterns available to read online. If you are looking for more knitting and crochet patterns, be sure to check out my website KweenBee.com or use this QR code.

Things you need

200 gr of worsted weight yarn (This could be more or less depending on how long you want your scarf).

Size 5 (US size 8) single pointed knitting needles or whatever size to obtain correct gauge.

Cable knitting needle

Gauge

12 rows stockinette = 2"

9 stitches stockinette = 2"

If your gauge is off your scarf will be either narrower or wider, but it really isn't overly important for this project.

How to Make the Cable

C2F – Cable 2 Forward

You can either click the link to watch the how-to video or you can scan the QR code. Take a pic with your phone or tablet. A link will pop up. Tap the link and the video will begin to play.– [C2F or Cable 2 Forward](#). The video was made 8 years ago so it's a bit dated.

How to cable 2 forward

With your cable needle, slip 2 stitches off the needle. Pull the stitches towards the *front* of your work. Knit the next 2 stitches. Knit the stitches from the cable needle. Knit the last 2 stitches of the cable (accounted for in the pattern with the K2).

C2B – Cable 2 backward.

You can either click the link to watch the how-to video or you can scan the QR code. [C2B or Cable 2 Back](#)

How to cable 2 backward

Knit the first 2 stitches of the cable (accounted for in the pattern with the K2). With your cable needle, slip 2 stitches off the needle. Pull the stitches towards the *back* of your work. Knit the next 2 stitches. Knit the stitches from the cable needle.

Hints and Tips

Be very careful to get the stitches right at the beginning when forming the cable pattern. Once the pattern become more set, it becomes easy to see where you need to purl and knit and what stitches form the cable.

The back of the cables are ALWAYS purl stitches and the stitch on either side of them is ALWAYS a knit.

The stitch at the beginning of each row is slipped off and not knitted. This gives the edges of the scarf less stretch and lets the scarf hold its edge through wear and washings. If you don't want to and would

prefer to just knit, that's ok. Just be consistent whether you knit it or not.

The easiest way to make any cable pattern is to see the pattern as panels versus individual rows. Unfortunately, there's no other way to write a knitting pattern other than rows. If you see the scarfs pattern as the knitted edge, the moss stitch panel (the K1 P1 portions), the cable, moss stitch panel, another cable, moss stitch panel, knitted edge, it becomes very easy to do.

I did end up making a dishcloth version of this pattern. Do I love it? No. Do I hate it? No. Would I make it again? No. To be square there isn't many repeats of the cable. I did four. It looks ok. If I was to redo it, I'd use a smaller gauge needle for sure. I would also cast on with a smaller needle than what I was going to knit the rest of the scarf/dishcloth.

It ain't so great...

More FREE knitting patterns on my website

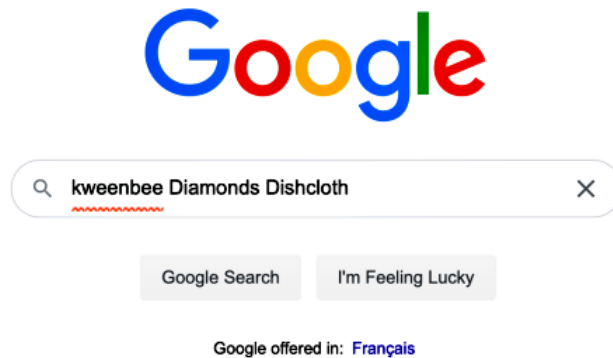

This is the latest list of patterns I have on my website. It is an ever growing list so you might want to check out my [Free Knitting Patterns](#) page at KweenBee.com . I design new patterns as I get time and add them to my website. I aim to add a couple new ones each month so this list is growing!

To make it even easier, you can take a photo of the QR code below with your phone or tablet. It will take you right to the webpage to see what's new.

If you have printed this pattern... of course, the links won't work! When you are on your favourite search engine like Google, Bing, Yahoo, etc. Enter the term ***Kweenbee*** and the title as it is written below (capitalization isn't important). It will pop up for you in the search results and be super-easy to find.

For example, enter it like this:

Your results will have my pattern at the very top...usually. Depending on the popularity of the pattern, you may get a link to Pinterest or Ravelry first. Don't worry! All of those options have links back to my original patterns, too!
